

COVID-19 VACCINATION

COVID-19 virus (SARS-COV-2) infection is a severe acute respiratory syndrome that affects the United States and worldwide. Health care workers are some of the most exposed population to COVID-19. The CDC and the DODD highly recommend that “healthcare workers get vaccinated against COVID-19”.

Since 2020, there has been a development of three different COVID-19 vaccinations: Pfizer-BioNTech, Moderna, and Johnson & Johnson/ Janssen. Each vaccination is safe, effective, and free of charge.

To obtain the COVID-19 vaccination, please contact one of the following:

Portage County Health Department
705 Oakwood Street, 2nd floor, Ravenna
(330) 296-9919
